

## CPAP RENTAL CARE PACKAGE

---

Your patient wishes to use our CPAP Rental Care Package service as interim treatment until your clinic can offer treatment. An important part of our service is to remotely monitor all of our CPAP machines to ensure the patient's CPAP therapy is going well, and to offer support for any problems they may experience. With a patient's permission we can also provide you the clinical reports from the CPAP machines if requested.

Please complete this form with the required information, and you can either give this form back to your patient for them to return to us, or alternatively you can send the completed form back to us at [cpap-rental@hope2sleep.co.uk](mailto:cpap-rental@hope2sleep.co.uk) or post to the address on this form. You are welcome to call us if you have any queries on 0300-102-711 or 07862-000930.
